Pom-Pons

To make a Pom-Pon, cut two circles of cardboard, the diameter depends on the size of the Pom-Pon to be made, and should be equal to the size of the finished Pom-Pon plus approximately 1.27 cm (½″) for trimming, plus the diameter of the centre hole, e.g., for a Pom-Pon 4 cm (1½″) across, the circles would be 4 cm (1½″), plus 1.27 cm (½″), plus 1.27 cm (½″) for centre hole, equals 6.5 cm (2½″). Cut a round hole in the centre, the size of the hole is approximately a quarter of the finished Pom-Pon. Wind the yarn round and round the cardboard until the centre hole is completely filled up.

Place the point of a pair of scissors between the two pieces of cardboard and cut around, keeping scissors between two circles of cardboard all the time. Using a double strand of yarn, wrap round between the two circles of cardboard, knot firmly, and take away cardboard (see diagram). Trim Pom-Pon.
